*Committee on Research Forum & Workshop*  
*Committee on Research Awards*

**Guidelines for the Submission of Research Papers**

1. The following research papers must be submitted to the Committee on Research Forum & Workshop and Committee on Research Awards for evaluation and recommendation:

1.1 Research paper for Diplomates and Fellows - deadline of submission is on:

- June 15 for those planning to take the November Board Examinations or for those applying for change of membership status and to be inducted in December  
**(5 copies, with identifying marks, please submit 1 CD of your research)**
- December 15 for those planning to take the March Board Examinations or for those applying for change of membership status and to be inducted in the Annual Convention  
**(5 copies, with identifying marks, please submit 1 CD of your research)**

1.2 Interhospital Prospective Research Contest for Residents – see attached guidelines

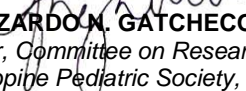

- December 15 – deadline of submission (please submit **seven (7) copies of research paper, no identifying marks** and one (1) CD of your research)

1.3 Research papers intended for submission to the Committee on Research Awards – see attached guidelines

- December 15 – deadline of submission (please **submit seven (7) copies of your research, no identifying marks, no identifying marks** and one (1) CD of your research)

All concerned are advised to submit their papers much earlier than the deadline so the Committee members can evaluate them in advance.

- 2 CR form 100 must be properly filled up by the Principal Author. All authors (Principal and Co-Authors) must sign on the space provided for to signify their approval of the final paper. A separate sheet of paper containing the signatures of the Department Chair, Training Officer and Research Coordinator attesting that they have read and approved the paper of a pediatric resident will also be required.
- 3 Each research paper should have a separate page for the Abstract which must follow the Structured Format, single space with a maximum of five (5) keywords printed in **italics** at the end of the abstract. The abstract must have the following parts, not exceeding 325 words: Title of the Paper, Authors, Institution, Background, Objectives, Design, Subjects, Methodology, Statistical Analysis, Results, Summary/Conclusion.
- 4 All concerned are advised to submit their papers much earlier than the deadline so the Committee members can evaluate them in advance.
