

MEMORANDUM FOR THE RECORD

Date/Time: 19 February 2018 / 1:00PM – 3:40PM

Venue: Mini-Auditorium, Philippine heart Center, Diliman, Quezon City, Metro Manila

Attendees: Append Attendee List

I. Background

Meeting with the leaders of the Health Sector with the aim of establishing compliance.

II. Action Points

- Stakeholders are hesitant to cascade the information regarding registration due to the system being perceived as lacking the necessary features to properly register both medical societies and individual practitioners.
 - Stakeholders request to be notified through email when the registration system updates have been applied.
- Stakeholders suggest that private hospitals be used as a medium to incentivize practitioner registration.
 - No parallel suggested for government hospitals/other medical societies.
- Stakeholders require more information as to their specific purpose in the data privacy council.
- Stakeholders request to submit softcopies of the required documents before then March 8, 2018 deadline, with physical copies to follow.
- Stakeholders are confused about the wording of the required documents on the registration screen, particularly the phrase “Any similar document.”
- Stakeholders express concern for physical copies of required documents being sent from remote provinces not arriving by the deadline.
- Stakeholders express concern regarding the wording of the registration screens still using terms like “Organization” and “Name of Organization.”
- Stakeholders state that the registration system is unable to handle specific doctor scenarios such as ‘One doctor with multiple clinics.’
 - No fields to declare multiple clinics
- Stakeholders request direct links to resources be embedded into the softcopy of the Letter Template to Physicians

- Stakeholders express concerns regarding the given deadline, considering the current climate of the health sector.
- Stakeholders express frustration at a perceived lack of information dissemination between the NPC and the Health Sector.
- Stakeholders request a timeline of requirements be made available on the NPC website.
- Stakeholders request Tooltip functionality in the registration system, to improve user experience, and provide clarification for the terms and concepts used.
- Health Sector Leaders' Core Task Force Formed
- Next Health Sector meeting set for February 28, 2018 - 1:00PM at the PMA
- Next meeting's invitation letters requested as soon as possible
