

Training program for pediatricians
from APPA affiliated member countries

November 30, 2018

Dear. Aman Pulungan M.D., PhD, FAAP
President of Asia Pacific Pediatrics Association

We are writing to ask for young pediatrician who wishes to train in Japanese medical institutes from APPA affiliated countries. Japan Pediatric Society decided to support and organize on-the-job training in Japan, up to 2 people for 3 months. Please find our attached Outlines for details.

Applicants must be

- Applicant must be certified physician under 40 years old nominated by the APPA affiliated national society.
- Applicant needs English communication ability.

Required documents for application are

1. Application form. (down below)
2. CV.
3. Recommendation letter from the president of applicant's national pediatric society.

Please let us know until end of January, and please list 3 to 4 applicants for our selection.

Thank you for your friendship and cooperation.

Sincerely yours,

Takao Takahashi, M.D. PhD
