WILFREDO R. SANTOS, M.D.

FLORENTINA U. TY, M.D.

March 2, 2021

To: All Department Chairs
PPS HAB Hospitals

Please be informed that our registry for newborns delivered and discharged from the hospital is now live.

To access the site:

1. Go to www.pps.org.ph
2. The Main PPS website will open. From the top Menu link, go to **Councils and Committee**, select **Council on Research and Publications** from the list, and then click on **ICD 10 Registry**
3. The ICD 10 Registry landing page will open. Under Menu/Link on the right pane, select **ICD Data Check –Newborn**
4. The Newborn Registry landing page will open. This is where the encoder can log-in to check for errors in his data entries, and for researchers to search for data.

The Newborn Registry will complement our Hospital Ward Discharges database, which has the same requirement:

1. **Accuracy and completeness** – encoders will receive error reports, which must be corrected before submitting to us
2. **Timeliness** – deadline for submission together with ward hospital discharges

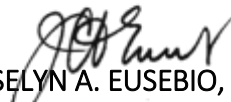

In line with this, may I request that all Departments submit their data starting January 2021. The instructions on how to encode and to check for errors are uploaded in our website for your reference. The members of the Committee on Registry of Childhood Disease are available for any assistance that the encoders may need.

Thank you very much.

Very truly yours,

EDILBERTO GARCIA, JR. MD, FPPS
Chair
Committee on Registry of Childhood Diseases (ICD-10)
