To: Chairs and Training Officers

The PPS Task Force on Telemedicine is happy to inform you that the complete module entitled “**Guidelines in the Teaching and Implementation of Basic Telemedicine for Pediatric Trainees**” is now ready for dissemination to all trainees (residents and fellows). The trainees should go through all the components of the module. It is recommended that the training committee would supervise the teaching and implementation of this module and monitor the practice of telemedicine in the clinical units. The components of the module are as follows:

COMPONENT	SOURCE
Manual Anthropometric Infographic English Anthropometric Infographic Filipino	Attached as PDF file Attached as JPG file Attached as JPG file
<u>Video Lectures</u> Lecture 1: Telemedicine Guidelines Lecture 2: Telemedicine History and Physical Examination Lecture 3: Legal Aspects of Telemedicine	PPS CPD portal for trainees https://ppscpdonlinefortrainees.org/ Log in using PRC Number
<u>Video Demonstrations</u> Teleconsultation Video 1: Well Baby Teleconsultation Video 2: Well Child Teleconsultation Video 3: Child with Respiratory Symptoms Teleconsultation Video 4: Child with Diarrhea	PPS CPD portal for trainees https://ppscpdonlinefortrainees.org/ Log in using PRC Number

The manual attached may be disseminated to your trainees and consultant staff. The 7 videos will be available via the PPS CPD portal for trainees and should be watched in proper sequence after reading the manual. The anthropometric infographic available in English and Filipino are the visual aids that can be provided for the parents and guardians to guide them on how to obtain the anthropometric measurements.

The training committee and consultant staff will also have access to the videos through the PPS CPD portal for members.

Should there be any concerns with your trainees’ access to the CPD Portal for trainees, please contact Mr Jhun Punegal via email jhunpunegal@yahoo.com or via the PPS office.

Yours Sincerely,

JACQUELINE O. NAVARRO, MD, FPPS
Chair
